Consent for Chiropractic Services

By reading below I have been made aware:

1. The process of delivering a "Chiropractic Adjustment (manipulation)" may be performed manually, with a table mechanism, or with an instrument to the vertebra(e) of the spine and/or associated structures (legs, arms etc.), often resulting in an audible pop or click sound;
2. As an addition to the Chiropractic Adjustment "Supportive Therapies and/or Procedures" may be applied by the chiropractor or by staff under the chiropractor's direction or supervision incorporating the use of light, sound, vibration, electricity, traction, motion, bracing, nutritional advice, heat, or cold;
3. That on occasion some temporary soreness and/or stiffness may occur; less frequently aggravation of presenting symptoms or initiation of new symptoms; rarely bruising, swelling, even more rare separation/fracture; and extremely rare, nerve or vascular injury may occur in conjunction with the process of a Chiropractic Adjustment;
4. That the chiropractor has made no guarantee of a positive outcome from treatment.

Additionally:

1. I have been afforded ample opportunity for questions and answers.
